L'association **AGRR** poursuit deux objectifs :

- 1 - La préservation du patrimoine écrit.
- 2 - Une aide aux recherches généalogiques et historiques.

La consultation de plus en plus fréquente des registres paroissiaux et de l'état civil cause d'inévitables et irrémédiables dommages pour ces précieux documents. Il devenait donc urgent d'apporter des solutions. La transcription intégrale des registres que nous proposons peut être une alternative aux microfilms que désormais les archives départementales imposent aux chercheurs.

Notre ambition repose essentiellement sur la transcription intégrale de tous les actes des registres paroissiaux (baptêmes, mariages et sépultures), et la période dite révolutionnaire (naissances, mariages et décès) inscrite en date républicaine.

Cette procédure est longue car elle doit répondre à :

Trois critères :

1. Fiabilité, (travail appliqué)
2. Lisibilité, (classement des données pour une recherche aisée)
3. Disponibilité, (vente de nos éditions)

Huit étapes :

1. Le relevé,
2. La saisie informatique,
3. Une première impression,
4. La correction sur papier acte par acte d'après les registres,
5. Une nouvelle saisie corrective sur informatique,
6. Le traitement des données et la mise en page,
7. L'édition sur papier ou sur CDROM,
8. Enfin la promotion de notre travail,

L'ensemble de ces tâches demande environ 30 minutes par acte.

Malgré le soin apporté par chacun des bénévoles dans ce travail collectif, des inexactitudes et des coquilles sont inévitables. Nous vous remercions de nous les signaler aimablement en nous proposant éventuellement des réponses appropriées.

Rappelons enfin que l'élaboration d'une généalogie à partir de nos éditions, ne dispense en aucune façon un contrôle sur les microfilms disponibles aux archives départementales du Jura.
